

Model 6000 Pouch Laminator

Description

The Model 6000 TLC 10" Pouch Laminator is in a class by itself. Made in the USA, it has the best manufacturer's warranty on the market. American made quality since 1971, TLC was the originators of the pouch laminator. TLC has remained committed to the highest standards of quality, even as much of the industry has graduated from the school of planned obsolescence, these laminators will outlast anything else on the market. We back that statement up with a five year factory warranty against defects and wear out. Can you find a similar guarantee anywhere else?

Every TLC pouch laminator incorporates the following quality features:

- Metal case construction
- Fan cooled outlet table
- Finned heat sink for additional cooling
- Brushless gear motor for long, trouble-free life
- Grounded chassis
- Molded silicone rollers withstand elevated temperatures
- Separate Heat & Run switches and a fixed speed of approximately 33" per minute, this model is capable of hot or cold laminating.
- An adjustable temperature control and ready light

Built to last doing up to 10 mil thick pouches.
